

INTERNSHIP PROGRAM OVERVIEW

Webster Scale, Inc. is dedicated to helping young individuals learn and grow in our industry. We provide hands-on experience for students who want to gain real experience by working with trained employees on the job. We are looking for Interns with these qualities:

- Dedicated and hard working
- Trustworthy and responsible
- Team players who are open-minded to coaching and development
- Those who strive for excellence in whatever they do
- Goal oriented

This program is designed for a full-time student at the beginning or middle stages of post-secondary education who maintains a GPA of at least 2.5.

The program runs from May through August, or as negotiated.

This is a paid internship. Wages are based on skill and experience level, as for all Webster Scale employees.

Interns are required to work the same hours as required by the crew supervisor they are assisting.

Interns may be asked to submit to a drug screening.

Internships available:

- Heavy Highway Road Construction
- Diesel Mechanic
- Scale Technician/Service
